II, Of particular interest was a letter originating with Headquarters Eighth Service Command, Office of Director of Intelligence Division, Santa Fe Bldg, Dallas, Texas, Subject: Communist Propaganda, dtd 26 Nov 42. The following is a verbatim text of a portion of the letter:

"The two inclosed pamphlets, distributed in connection with the Army Orientation Course, have come to the attention of this office. One, entitled Know Your Enemy: Japan!, by Anthony ~~Jenkinson~~, and published under the name of The American Council, Institute of Pacific Relations, Inc., 129 East 52nd St, New York, N.Y., would appear by its title to contain facts concerning Japan; however, an examination of the contents discloses that it is <sup>WURDT-C</sup> largely Communistic propaganda.

The other pamphlet, entitled China-America's Ally, by Robert W. Barnett, published under the same name as the first, appears to be a pamphlet containing information about China; but certain portions of it are also devoted to Communistic propaganda."

SUBJECT: EVANS, Allan

SOURCE OF INFO: Dossier # 7016077, CRF, Ft Holabird, Md

DATE INFO OBTAINED FROM DOSSIER: 8 Aug 55

In April-May 1942 an applicant type investigation on EVANS was conducted by the FBI at the request of the Office of Coordinator of Information. During this investigation the following background information was developed:

EVANS, Allan was born 2 July 1903 in London, England. He entered the US at New York City on 7 Jan 16 and made his first declaration of intention # 269699 to become a citizen on 26 Apr 37 in the US Dist Court, Boston, Mass. He gave his occupation as teacher and claimed to be a British Subject. He received certificate of naturalization # 4795990 on 22 Mar 40 at Los Angeles, Calif. His naturalization was sponsored by Louis B. Wright of the Henry E. Huntington Library, San Marino, Calif. EVANS listed his residence in Apr 42 as 1932 Mill Road, South Pasadena, Calif. He was employed by the Huntington Library, San Marino, Calif. in 1942. A check of police, credit, and character references made during this inquiry disclosed no adverse or derogatory info. The investigation also extended to Washington DC when EVANS moved there in 1942. No derogatory info was disclosed or developed in the Washington area.

In Dec 53 a Security of Government Employees investigation was conducted by the FBI on EVANS. At this time EVANS was Deputy Special Assistant, Intelligence, US State Department. The following information was developed during this investigation:

EMPLOYMENT HISTORY:

1920-1931 Attended Harvard U.

1927-1929 Instructor in German at Harvard U.

1926-1939 Instructor at Harvard U.

1939-1942 Conducting research at the Huntington Library, San Marino, Calif in the fields of medieval history and social history of English.

Apr-Aug 1942 Senior Field Representative with Office of Coordinator of Information in Washington and London.

1942-1944 Senior Field Representative & Executive Officer with OSS

1944-1946 OSS in London

1946- Intelligence Organization, US State Department

ADDITIONAL INFORMATION DEVELOPED BY FBI:

On 3 Dec 53 ~~Chandler~~ Morse, Associate Prof of Economics, Cornell U. Ithica, N.Y. stated he knew EVANS for 1½ years when EVANS was Deputy Chief, Research & Analysis Branch, OSS, London, England. Morse recommended EVANS highly.

Logical Boston, Mass. FBI informants of known reliability, who were familiar with certain phases of Communist Party activities in the Boston-Cambridge area, stated ~~that~~ <sup>Mrs</sup> that the name ~~ALLAN~~ <sup>EVANS</sup> EVANS was unknown to them. D 3

EVANS married Marjorie ~~Murphy~~ <sup>EVANS</sup> who was born in London, England, 2 Jan 16.

EVANS' personnel folder contained an Application for Federal Employment Form # 57 dtd 8 Apr 46 in which EVANS listed the following persons as character references:

William L. Langer- Harvard College M

Robert A. Millikan- Calif Institute of Technology

Kenneth B. Murdock- Harvard College

Sherman Kent-Director of Research, US State Dept

A confidential Washington informant of known reliability advised that the name Prof Robert A. Millikan, Calif Inst of Tech, Pasadena, Calif. appeared on a list of names and addresses of members of the National Federation for Constitutional Liberties and also on a list of members of the American Committee for Democratic and Intellectual Freedom.

The National Federation for Constitutional Liberties has been designated by the US Attorney General as coming under the purview of Executive Order 10450.

The American Committee for Democratic and Intellectual Freedom has been cited as a "Communist front which defended teachers", by the Special Committee

EVANS' official personnel folder also contained an Application for Federal Employment Form 57 dtd 27 Aug 47 in which he listed [redacted] Special Assistant to the Secretary of State, as his State Dept supervisor from March 1946 to present (Aug 47). DE

A Washington confidential informant of known reliability advised that the name of one William Alfred Eddy, President, Hobart & William Smith College, Geneva, N.Y. appeared on the list of the names and addresses of the National Federation for Constitutional Liberties.

A review of the 1950-51 "Who's Who in America" showed that a William Alfred Eddy, who was President of Hobart and William Smith College, Geneva, N.Y. from 1936-1942 was also Special Assistant to the Sec of State, in charge of Research and Intelligence from Aug 46 through 1947.

The National Federation for Constitutional Liberties was previously described in this report.

EVANS' OSS personnel folder maintained by CIA reflected that EVANS was employed 13 Apr 42 by the Office of Coordinator of Information as a Senior Field Representative and served continuously with OSS until 30 Sep 45 when he was transferred to the State Dept. This file contained no adverse or derogatory information concerning EVANS. b6

Mr [redacted] (Also a subject of this investigation), in a interview with FBI, stated he knew EVANS since 1946, but especially well since 1949, and intimately since 1952 when he was made [redacted] He stated that EVANS was a very good security risk.

Another interviewee named [redacted] as being EVANS' closest acquaintances in the State Dept.

Mr [redacted] (Also a subject of this investigation) was interviewed and he gave EVANS a high recommendation.

On 18 Dec 53 a Washington confidential informant signed a statement for the FBI in which he stated he had been acquainted with EVANS since May 46 and closely associated professionally with him until late 50 or early 51. He stated, "It is my considered opinion that during the above period EVANS, as Director of the Office of Intelligence Research, continuously and affirmatively pursued a policy of tailoring reports and other information before submission to the various secretaries of state to the policy standard he knew would be

3

12

accepted readily by them instead of reporting intelligence data truthfully and fairly, regardless of future embarrassment to administrative officials. I feel strongly that this lack of intellectual integrity on the part of EVANS was not in our national interest. In my capacity I was able to see that many intelligence estimates which had been prepared by me and my associates, when published in the Intelligence Digest or when distributed in the form of intelligence memoranda and reports, were drastically distorted and made to conform to preconceived notions of EVANS. This was also true in connection with the weekly conferences held in EVANS' office where honest views were expressed but were, I feel, not sincerely considered by EVANS since he already decided his course of action. This is an impression gained from many repetitious events."

The same informant also related that in late summer or early fall of 1948 the House Committee on appropriations was sending several investigators to explore conditions in EVANS' office. Before the investigators arrived EVANS held a meeting in his office in which he stated that any criticism which might come from the employees would have to be as coming from a private citizen and not from official employees. EVANS also commented on the low intelligence level of the investigators.

On another instance in 1949 EVANS shocked other conferees during a meeting when he passionately defended the British Empire during a discussion concerning the lending of additional funds to England.

The informant further stated he was perturbed by the way EVANS had recruited and promoted persons of foreign birth who were just recently naturalized. To illustrate, the informant pointed out that a review of the Biographical Register of the State Dept showed that Herbert Block, who was born in Berlin, Germany, was then Chief of the Economic Branch of the Division of Research for the USSR and Eastern Europe in the office of Intelligence Research, and that Block was naturalized a US citizen in 1945; and Miron BURGIN, who was born in Poland and who then held the position of Chief, Division of Research for American Republics in EVANS' office, was naturalized in 1941. These were just two examples mentioned by the informant at random.

The informant did not state that EVANS was pro-Communist but he certainly would not recommend EVANS for a position of trust.

Many others interviewed by the FBI expressed concern that EVANS, a naturalized citizen, held such a high position.

A review of the House Committee of Un-American ~~XXXXXX~~ Activities reflected no record of EVANS.

Washington FBI informants familiar with Communist Party activities in the Washington area did not know EVANS.

On 19 May 54, a Washington FBI informant of unknown reliability reported that he was closely associated with EVANS professionally from July 46-1950. That in the fall of 1949 through the spring of 1950, the position of Chief, Far Eastern Division of the Intelligence Area was vacant. EVANS corresponded with Owen Lattimore and offered him the position. Lattimore accepted, however, the State Dept Security Section would not clear him. EVANS seemed very displeased at this. As far as this informant knew there was no further correspondence between EVANS and Lattimore.

On 16 Dec 52, ~~Owen Lattimore~~, former Editor of "Pacific Affairs", a publication of the Institute of Pacific Relations, was indicted by a Federal Grand Jury at Washington DC for perjury. ~~file~~

The dossier also contains correspondence dtd 30 June 54 indicating that the 116th CIC Det received photostatic copies of all reports compiled by the FBI on EVANS to date. In this correspondence the following statement is made by the FBI, "At the request of this Bureau, another intelligence service has been conducting an investigation on EVANS in foreign countries". Also, "For your information, there are still leads outstanding in the foreign investigation".

(Apparently an investigation on EVANS is still in progress in certain areas)

Institute of Pacific Relations, was indicted by a Federal Grand Jury, at Washington DC for perjury.

1 Mar 54 - Evans residence in London confirmed as well as his OSS employment there.

## Synopsis - dtd 12 Jan 44

1. Subject born in Lithuania in 1900 & came to US in 09 & was naturalized in 33. He is well educated, having graduated from Harvard College, Harv Law School, Harvard Grad School & Oxford & also studied in several other Universities in Europe. He is author of a book on American Foreign Policy. From 34 until 41, when he was commis in AOS, he was Asst US atty for the South Dist of N.Y.

2. Investigation was predicated upon leads obtained in the investigation of Sgt [redacted] a friend of W., who is a proven Commie and the correspondence of [redacted] indicated that W. might also be a Commie or fellow traveler & might be attempting, through his official position, to obtain commissions for Commie sympathizers. This investigation indicated this suspicion to be unfounded and many reputable persons in N.Y., where W. practiced law, attested to his loyalty. He is unquestionably very liberal in his thinking, but appears to be. He was originally recommended for his commission by Under Sec of State Robert P. Patterson. [redacted] D.C.

b6

3 Jan 44 - Conclusions & Recommendations of the Director, Security & Intell Div.

W. is described as an able & honest intell individual who entertains extremely liberal views & who has shown an apparent interest in Commie. Evidence has been introduced to reveal he is currently in a position to place Commie in a highly important branch of the Army & in one particular instance made a definite effort to do so, in

the case of a known Comm. At same time many reputable informants vouch for his loyalty to the U.S.

Recommendation Recomm that his CO be notified of the above facts & that this case be referred to G-2, WD.

### Reason for investigation

Intercepted letters of a proven Communist indicated that Col DW.W., G SC, Off of Chief of Staff, Special Planning Div, Pentagon Bldg, Wash DC, associated primarily with Commes & was instrumental in appointing Commie synops to the Special Serv School. By letter dtd 27 Oct 43, M15, WD, requested the Dir, Intell Div, Second Service Command, to conduct an investigation as to his discretion, integrity & loyalty.

### Adverse info —

1. Subject was for many years a member of the American Civ Lib Union, a suspected Commi Front orgn. For a period he was chairman of the Committee on Aliens Civil Rights of the American Civil Liberties Union. Also ~~communist~~ a protective orgn for Communists.

2. Intercepted letters of a proven Communist indicated that W. associates with Communists & was instrumental in appointing Commie synops to the Special Serv School.

On <sup>22</sup>~~14~~ Nov 43, CIC checked files of Dir of Intell, Second  
 Sv Com, New Orleans, N.M. & following was received -  
 A report on Sgt [redacted] <sup>known communist</sup> ASN [redacted]  
 dtd 16 June 43 indicated that [redacted] engaged in various  
 work for the Commi party & that the WD disposed of his  
 case appropriately.

A part of the report dealt with excerpts taken  
 from letters written by [redacted] to Miss [redacted]  
 [redacted], N.Y.C.; [redacted] mistress - Certain portions  
 of the report are quoted =

1. "Letter postmarked 9 Nov 42, Keesler Field, Miss. Subject  
 [redacted] stated, "I received a letter from [redacted] who had  
 meanwhile been to Washington & she saw a wonderful friend of  
 mine. (he was a major in [redacted] office when I went to see  
 him). Now he is a Lt Col & works with [redacted] DC  
 Too bad there are not more David Wainhouses --- he really  
 knows what the score is, as he is also an attorney on  
 international law."

2. Letter postmarked 1 Mar 43, Keesler Field, Miss.  
 [redacted] stated, "But about Wash & me, after a long  
 talk with DWainhouse who knows exactly what is  
 happening as he is responsible for the policy at the Special  
 Service School, he convinced me that:

A. It would not be a short war 38

41

B. That as a sergeant, I would never possibly develop any of the ideas I spoke to him about.

C. That for that reason and the fact that my position here is extremely limited, both in fact and in the idea that the prospect is foreshortened.

D. That in order to make it possible for him to do anything further that he would have to fulfill the first condition; namely, to be commissioned.

E. That he would see to it that I would be teaching at the Sp. H. School I so desired since it is up to him as to who makes up the teaching personnel. So much so, that only a few days ago, the Commandant of the School was replaced by a man of David's choosing.

F. Advancement under those conditions are almost automatic; every six months another advancement is practically insured. In this respect he can be of inestimable help.

G. Finally, he would very much like to have me in Wash with him for, as he says, this is going to be a long one, and it is important to keep one's sense of proportion and not get snowed under. In Wash, it would be possible not only to be close to where policy is made (that is one of the things I held out as an aim for myself), but also have some chamber music and even riding with him at the neighboring camp. 139

On Monday night we all get together at the

honey Dr Spivacke, the Chief of the Music Div of the Library of Congress, who is in on all music in the Army & Navy. It wasn't by accident that I wanted David to meet & get to know Spivacke. He is interested in having to do some important work; is aware of my background & knows I am ready for the work he has in mind. The only thing that holds me up is the fact that I am not an officer. They were unanimous in the idea that I should become an officer as soon as possible by going to OCS. Of course, if in the meanwhile the procurement comes through, they have my qualification at Headquarters and would grab me immediately!"

b6  
b7C

Letter posted 21 Apr 43. Beloxi, Miss [redacted] stated "I have even thought of taking a troop train up to Wash & speaking personally to my friend --- I will write and explain what the set up is here --- but I must be very careful what I commit to paper. There is always the possibility that letters are opened & that would not be good for anyone concerned!"

The same report states in part "The following names were listed both in Miss [redacted] personal notebook and in [redacted] address book as set forth namely, Colonel David W. Wainhouse, 4708 Lincoln Ave, <sup>40</sup>

NW, Washington DC.

SCHWARTZ, Benjamin - 0906870

441<sup>ST</sup> CIC Report dtd 20 Feb 51

Same story on security violation while in England with crypt-analysis with the Signal Security Det. working closely with G-2, 12<sup>th</sup> Army Group, with mission to break enemy codes and ciphers. Knew of the proposed landing.

Schwartz was a highly intell. person. However, he was an individualist, was very egotistical & became impatient with less intell persons than he. If he didn't get his way, he'd sulk & do nothing.

After leaving school, he joined merchant marine & traveled extensively in India & Orient. Great interest in people & languages of East, & today is able to speak Hindi, Arabic, & German.

At the time (51) Schwartz was with as Capt Tech Intell Div, Wash. D.C.
